

MoralSquad::serialize

```
graph LR; A[MoralSquad::serialize] --> B[GeneralSquad::serialize]; B --> C[Obstacle::serialize];
```

The diagram illustrates a sequential flow of serialization. It begins with a gray rectangular box labeled 'MoralSquad::serialize'. A blue arrow points from this box to a white rectangular box labeled 'GeneralSquad::serialize'. Another blue arrow points from the 'GeneralSquad::serialize' box to a final white rectangular box labeled 'Obstacle::serialize'. All boxes have a thin black border.
