

Point::normalized

```
graph LR; A[Point::normalized] --> B[Point::distance]
```

A diagram showing a transformation from a normalized point to its distance. It consists of two rectangular boxes connected by a blue arrow. The left box is gray and contains the text 'Point::normalized'. The right box is white and contains the text 'Point::distance'. A blue arrow points from the right side of the gray box to the left side of the white box.

Point::distance
